

Norwest was engaged by Ertech in 2021 as part of the Chevron Lifetime Extension Project, where we have upgraded the camp accommodation including bedrooms, hallways and common areas.

Franks teams workmanship and quality to detail has been exemplary. Frank has been extremely accommodating with changes or modification to the programming of works also.

Painting, wallpaper and vinyl flooring has been a feature of the works we have completed over the 2 years to which led us to be awarded further works in the Chevrons Kitchen / Ablution upgrade.

Franks team also completed all the painting, feature walls and vinyl install here too.

I would highly recommend Norwest for any project where you are looking for a fantastic finish delivered on time and within budget.

Kind Regards

A handwritten signature in blue ink, appearing to be 'PR', with a long horizontal flourish extending to the right.
